

# A RIDE ON THE BUS

Last week, I planned \_\_\_\_\_ go \_\_\_\_\_  
my friend \_\_\_\_\_ the movies. But we had a  
problem.

We had planned to drive \_\_\_\_\_ the show.  
But when we got \_\_\_\_\_ my friend's car, it  
would not start.

So we decided to ask another friend to give us  
a ride \_\_\_\_\_ her car. We sent her a text.

But she did not respond \_\_\_\_\_ our text, so  
we decided \_\_\_\_\_ call her \_\_\_\_\_ the

phone. But she did not answer her phone  
either. We did not hear back \_\_\_\_\_ her.

So we decided to get a ride \_\_\_\_\_ Uber.

But it was the time \_\_\_\_\_ day when Uber  
raises its prices. They call it "surge pricing." It  
was too expensive, and we gave up the idea.

Then we decided we would check \_\_\_\_\_

taking the bus. We looked \_\_\_\_\_ the bus  
schedule \_\_\_\_\_ our phones and discovered  
that there was a bus stop \_\_\_\_\_ the corner.

We could take the bus \_\_\_\_\_ another stop  
\_\_\_\_\_ the street corner \_\_\_\_\_ the

theater.

We sat \_\_\_\_\_ the bench and waited \_\_\_\_\_ the bus. It came \_\_\_\_\_ about 10 minutes, so we did not have \_\_\_\_\_ wait very long. We got \_\_\_\_\_ the bus. Unfortunately, the bus had to stop \_\_\_\_\_ the railroad tracks because a train was \_\_\_\_\_ the tracks. We had to wait \_\_\_\_\_ the tracks \_\_\_\_\_ a long time. While we waited, I read the advertisements \_\_\_\_\_ the bus. It seemed to me that I looked \_\_\_\_\_ the ads \_\_\_\_\_ a long time.

Finally, the bus started moving again, and we were \_\_\_\_\_ our way \_\_\_\_\_ the movies.

At last, we arrived \_\_\_\_\_ the theater. We looked up \_\_\_\_\_ the marquee and noticed the movie we wanted to see was starting \_\_\_\_\_ five minutes. We were just \_\_\_\_\_ time \_\_\_\_\_ get our tickets!

We had a good time \_\_\_\_\_ the show. And I decided I liked riding \_\_\_\_\_ the bus more than riding \_\_\_\_\_ a car!
